The following individuals participated in the development of this individual plan (optional):

First and Last Name	Position/Role	Signature

Frequency at which this individualized plan will be reviewed with the child's parent/guardian:

Annually

Regulatory Requirement - Ontario Regulation 137/15:

Children with medical needs

39.1 (1) Every licensee shall develop an individualized plan for each child with medical needs who,

(a) receives child care at a child care centre it operates; or

(b) is enrolled with a home child care agency and receives child care at a premise where it oversees the provision of home child care or in-home services. O. Reg. 126/16, s. 27.

(2) The individualized plan shall be developed in consultation with a parent of the child and with any regulated health professional who is involved in the child's health care and who, in the parent's opinion, should be included in the consultation. O. Reg. 126/16, s. 27.

(3) The plan shall include,

(a) steps to be followed to reduce the risk of the child being exposed to any causative agents or situations that may exacerbate a medical condition or cause an allergic reaction or other medical emergency;

(b) a description of any medical devices used by the child and any instructions related to its use;

(c) a description of the procedures to be followed in the event of an allergic reaction or other medical emergency;

(d) a description of the supports that will be made available to the child in the child care centre or premises where the licensee oversees the provision of home child care or in-home services; and

(e) any additional procedures to be followed when a child with a medical condition is part of an evacuation or participating in an off-site field trip. O. Reg. 126/16, s. 27.

(4) Despite subsection (1), a licensee is not required to develop an individualized plan under this section for a child with an anaphylactic allergy if the licensee has developed an individualized plan for the child under section 39 and the child is not otherwise a child with medical needs. O. Reg. 126/16, s. 27.

Intent

This provision requires that an individualized plan be developed for each child with medical needs and that licensees take all necessary steps to support the child's medical needs and ensure his or her inclusion in the program.

The review of each individualized plan (by employees, students and volunteers) supports the child(ren)'s ability to participate in the child care program, and provides staff with all necessary information to deal with any medical situation pertaining to the child.

Disclaimer: This document is a template that has been prepared to assist licensees in understanding its obligations under the CCEYA and O. Reg. 137/15. It is the responsibility of the licensee to ensure that the information included in this document is appropriately modified to reflect the individual circumstances and needs of each home child care agency it operates and each premises where the licensee oversees the provision of home child care.

Please be advised that this document does not constitute legal advice and should not be relied on as such. The information provided in this document does not impact the Ministry's authority to enforce the CCEYA and its regulations. Ministry staff will continue to enforce such legislation based on the facts as they may find them at the time of any inspection or investigation.

It is the responsibility of the licensee to ensure compliance with all applicable legislation. If the licensee requires assistance with respect to the interpretation of the legislation and its application, the licensee may wish to consult legal counsel.

Anaphylaxis Emergency Plan: _____ (name)

This person has a potentially life-threatening allergy (anaphylaxis) to:

PHOTO

(Check the appropriate boxes.)

- Checkboxes for Peanut, Tree nuts, Egg, Milk, Other, Insect stings, Latex, Medication.

Food: The key to preventing an anaphylactic emergency is absolute avoidance of the allergen. People with food allergies should not share food or eat unmarked / bulk foods or products with a "may contain" warning.

Epinephrine Auto-Injector: Expiry Date: _____ / _____

- Dosage: checkboxes for EpiPen Jr 0.15 mg, EpiPen 0.30 mg, Allerject 0.15 mg, Allerject 0.30 mg

Location of Auto-Injector(s): _____

- Previous anaphylactic reaction: Person is at greater risk.
Asthmatic: Person is at greater risk. If person is having a reaction and has difficulty breathing, give epinephrine auto-injector before asthma medication.

A person having an anaphylactic reaction might have ANY of these signs and symptoms:

- Skin system: hives, swelling, itching, warmth, redness, rash
Respiratory system (breathing): coughing, wheezing, shortness of breath, chest pain/tightness, throat tightness, hoarse voice, nasal congestion or hay fever-like symptoms (runny, itchy nose and watery eyes, sneezing), trouble swallowing
Gastrointestinal system (stomach): nausea, pain/cramps, vomiting, diarrhea
Cardiovascular system (heart): pale/blue colour, weak pulse, passing out, dizzy/lightheaded, shock
Other: anxiety, feeling of "impending doom", headache, uterine cramps, metallic taste

Early recognition of symptoms and immediate treatment could save a person's life.

Act quickly. The first signs of a reaction can be mild, but symptoms can get worse very quickly.

- 1. Give epinephrine auto-injector (e.g., EpiPen® or Allerject™) at the first sign of a known or suspected anaphylactic reaction. (See attached instruction sheet.)
2. Call 9-1-1 or local emergency medical services. Tell them someone is having a life-threatening allergic reaction.
3. Give a second dose of epinephrine in 5 to 15 minutes IF the reaction continues or worsens.
4. Go to the nearest hospital immediately (ideally by ambulance), even if symptoms are mild or have stopped. The reaction could worsen or come back, even after proper treatment. Stay in the hospital for an appropriate period of observation as decided by the emergency department physician (generally about 4 hours).
5. Call emergency contact person (e.g. parent, guardian).

Emergency Contact Information

Table with 5 columns: Name, Relationship, Home Phone, Work Phone, Cell Phone

The undersigned patient, parent, or guardian authorizes any adult to administer epinephrine to the above-named person in the event of an anaphylactic reaction, as described above. This protocol has been recommended by the patient's physician.
