A leap towards a difference!

Expérience Unik is dedicated to delivering outstanding care to our clients, guided by the following principles:

1. Upholding a standard of professionalism and demonstrating respect towards our clients, their families/caregivers, and professionals collaborating with the individual.
2. Fostering growth and development in a secure, non-judgmental environment.
3. Safeguarding and supporting the physical and psychological well-being of our clients.
4. Strictly avoiding and not tolerating any practices that may harm or pose a risk to our clients.
5. Maintaining a stringent level of confidentiality.
6. Utilizing evidence, instructional data, research, and professional knowledge to shape our practices.
7. Building relationships with families grounded in mutual respect and actively involving them in educational decision-making processes concerning the client.
8. Engaging in ongoing professional development to contribute to the growth and enhancement of knowledge and skills within the field.
